

YES / NO / MAYBE LIST: The Classics

Welcome to the sex menu! This is a fun way to learn about each others sexual boundaries so you can make your sex the most fulfilling it can be. First, fill out the guide at the same time as but on a separate sheet of paper from your partner. If you are into something it's a YES. If not, it's a NO. If you're unsure or want more information it's a MAYBE. Second, sit with your partner and share answers.
